"To awaken the people, it is the women who must be awakened. Once she is in the move. the family moves, the village moves, the nation moves."

Pandit Jawaharlal Nehru.

Empowering the women to take their decision for personal independence and to make independent in all aspects of life, through rights, decision etc by moving along parallelly with society is women empowerment. Women empowerment has become necessary to shape the bright future of family, society and country. Women need fresh and more capable environment so that they can take their appropriate decision in every aspect of life for themselves, and for others too. In order to make the country fully developed, women empowerment is an essential element to reach the goal of development.

The rapid pace of economic development has increased the demand for educated labour force almost in all fields. Women are earning as much as their husband does, their employment nonetheless add substantially to family and gives an economic advantage over the family with only one bread earner.

Today we are glorifying and celebrating the power of women by organising this event called

"5th Women Power Car Rally 2018"

Come let's celebrate and sing songs of praises and brevity of all the amazing women of this universe by joining them in this glorious event.

About The Event

Women Power Car Rally

TSD Rallying (Time Speed Distance) is a form of motor sport usually conducted on public roads but sometimes including off-road and track sections. The object of these rallies is to maintain precise times and precise average speeds on various segments on a predefined route. Each team usually consists of a driver and navigator. Teams usually start a TSD rally at fixed intervals creating a field that is spread along the route.

Unlike the well known "special stage Rallying" (which commonly just called rallying). TSD rallying does not depend on the abilities of the driver at high speed nor does it depends on the speed that the vehicle can achieve.

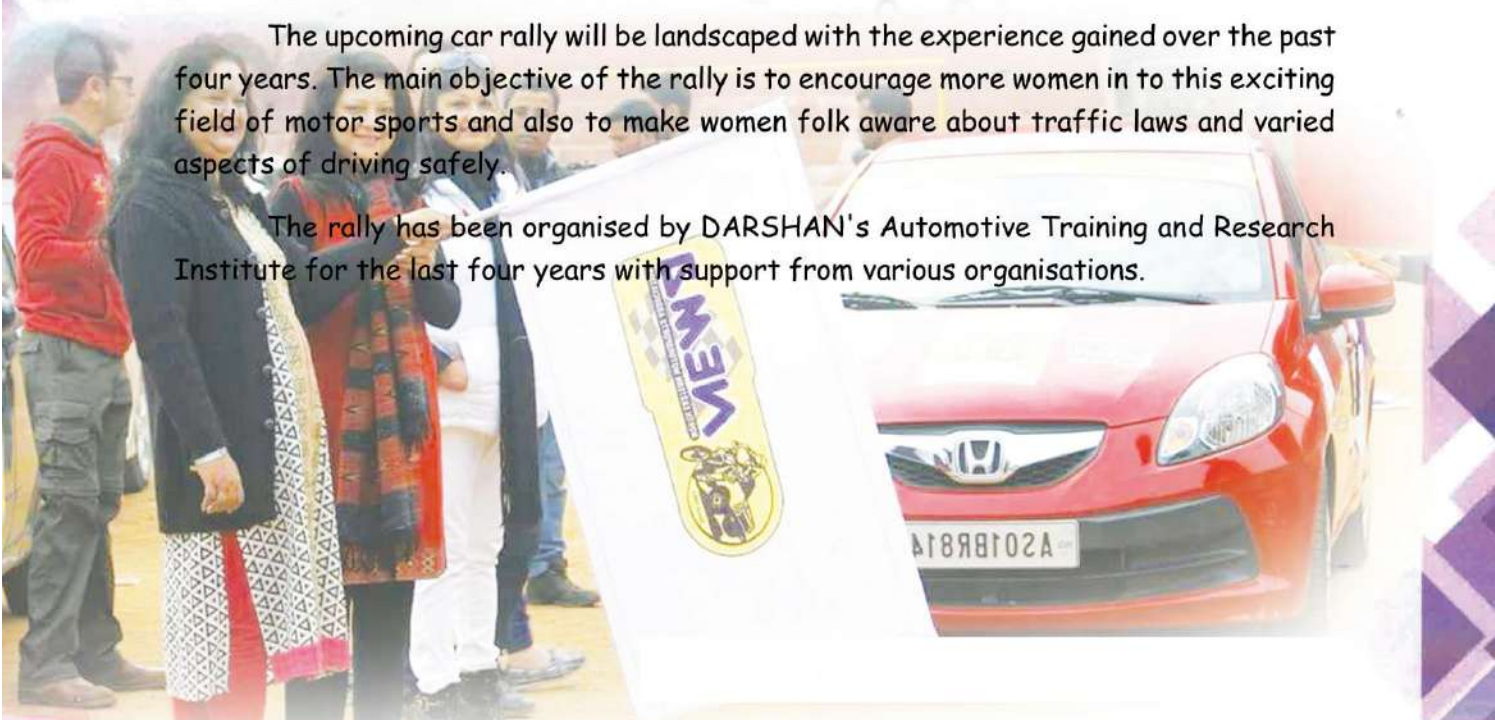

For this reason, ordinary motor vehicle can be used. TSD rallying enjoyed by a far less expensive sport and can be enjoyed by a far greater spectrum of people.

TSD rally focuses on the maintenance of Time Speed and Distances. Navigation plays an important role in TSD rallying.
